BT5020

EXTREME COMFORT – EXQUISITE STYLE.

COMFORT FOR ALL DAY WEARING

Imagine a headset so comfortable that even after wearing it all day long, you can hardly feel it. And so discreet that you and those around you hardly notice it. The new BT5020 Bluetooth® headset gives you that dream combination.

EXCELLENT DESIGN AND ULTIMATE DISCREETNESS

We've made the dream come true by making a headset which is small, light and comfortable. Designed for discreet style in matt black, the BT5020 packs a lot of features into its slender shape: multipoint connections (active connections to two phones without the need to "pair"), wind noise reduction, visual and vibrating alert of incoming calls, battery status indicator, up to 10 hours of talk time and up to 300 hours standby – an ideal mix for hard-working people. Once again, Jabra delivers on its promise of industry-leading performance, easy operation and state-of-the-art design.
