Features and Benefits

- Designed to serve as the central distribution point for voice, data, video, audio, and security services

- Allows for internal modules to be mounted horizontally or vertically facilitating layout and wring of systems, while providing optimum cable management.

- Works with connectivity modules with push and pull fasteners

- Snap-in system enables users to quickly insert or move internal modules

- Supports up to 4 ICCMSCMPT1 or ICCMSCMPT2 Cable Management Rings for organization and cable routing

- Includes 4 Top, 3 Bottom knockouts for routing cables and 4 tie points.

- Includes a 2 knockouts for optional AC power outlets (Not included) to provide power distribution.

- Build with ABS plastic, lightweight, and sturdy

- Fits between 16" studs or can be wall mounted

- Depth mark on the enclosure simplifies adjustment for drywall depths (½", 5/8",3/4")

- Enclosure combos are not designed to be installed in firewall applications

- The cover snaps on and can be screwed down

- Accommodates all of ICRESXXXXX residential modules

- Used with optional accessories including ICRDSDCAC2 distribution center rubber grommets.

- Complies with ETL, TIA-568-C, TIA-570-B and TIA-607 standards
