

CC 520 - Let's you concentrate

Unique features of the CC 520

- Designed for maximum productivity, the CC 520 delivers excellent sound to ensure you'll always hear what's being said. It's compact, lightweight, and blocks out distractions so you can concentrate on our conversation
- Hearing protection: ActiveGard™ technology protects you from acoustic shock and sudden surges in volume

More product features

- Always intelligible: the ultra noise-canceling microphone filters out ambient noise, so your voice is always clear and easy to understand
- Optimal speech clarity: the 300° adjustable microphone boom means you can place the microphone just where you want it, while Teflon® washer support increases positioning accuracy and stability, and ensures optimal durability
- Perfect fit and comfort: adjustable speakers and flexible ear pads help you find the perfect fit and generous padding on the headband and ear pads provide long-lasting comfort
- Boost productivity: the double-sided headset blocks background noise, allowing you to concentrate - and increase your productivity
- Total assurance: it's TCO certified

CC 520 - Let's you concentrate

Target group

Perfect for people working long shifts in busy call centers or noisy, open plan offices

Product description

Perfect for noisy, open-plan offices and call centers, the CC 520's twin speakers deliver clear sound to both ears, while blocking out unwanted office noise. With an ultra noise-canceling microphone, you'll never have to raise your voice to be heard, however loud your colleagues get. And for added peace of mind, ActiveGard™ technology protects you from acoustic shock and sudden surges in volume

CC 520 IP - Quality performance

CC 520 IP

The CC 520 also comes as a wideband version: CC 520 IP.
This wideband headset deliver a more nuanced soundscape where voice transmission is perceived as warmer and more natural.

Use CC 520 IP for VoIP communication via softphones on PCs / MacBooks and IP desk phones.

Extra feature

HD voice clarity The CC 520 IP wideband headset delivers natural high-definition sound for superior voice clarity, accented speaker recognition, and reduced echo.
