

FACT SHEET

CEUL 33 and CEUL 34 cable

The CEUL 33 and CEUL 34 cables are made to use with the following Sennheiser professional wired headsets:

- SC 638
- SC 668

These cables make the SC 638 and SC 668 wired headsets compliant with the European Noise at Work Regulations by ensuring that the average incoming audio signal remains below 85 dB throughout an 8-hour working day.

CEUL 33

This cable is fitted with an Easy Disconnect (ED) plug at both ends. This solution is very flexible because it can be used together with any other Sennheiser bottom cable.

CEUL 34

This cable is fitted with an Easy Disconnect (ED) plug at one end, and a RJ 9 at the other. The headset can be connected directly to the phone with no additional bottom cable required. CEUL 34 has an 01-wire configuration.

BENEFITS AND FEATURES

- Low noise exposure during the work day: the average incoming audio signal remains below 85 dB throughout an 8-hour working day
- Easy setup: just connect the cable
- International warranty: 2 years
